Building a Lasting Legacy

Brothers,

As we work to strengthen the **Beta Zeta Alumni Association**, we'd like to take the next step—forming an official nonprofit. Establishing the association as a charitable organization or social club would help us create a more sustainable structure for alumni engagement, fundraising, and supporting the chapter.

If you have experience setting up a nonprofit or would be interested in assisting with this effort, we'd love to hear from you. Your guidance could make a huge difference in bringing this vision to life.

Help a Brother Take the First Step

With the spring winding down and summer quickly approaching, we are hoping to have alumni connect with current students that are about to transition from college to the professional world.

There are a number of brothers that are actively looking to network with you to make connections and learn any tips on how you got started in your industry. If you can offer your support, please read [this document](#) to view a list of current students with their intended industries, geographies and preferred methods of contact.

In addition, if you are willing to have a Beta reach out to you directly for networking purposes, please email info@betazetapier.com with your name, industry and preferred method of contact.

Spring Fundraiser for 25 College

The Beta Zeta brothers held the 4th Annual [Teddy Balkind Memorial Hockey Tournament](#) on Saturday, March 29th, 2025 at Appleton Arena. The tournament honored Teddy Balkind, a St. Luke's high-school hockey player who tragically passed just over three years ago after an on-ice incident. Proceeds of the tournament and donations will be going towards the Teddy Balkind Charitable Foundation, which shares resources for the public good to provide support and promote joy by focusing on the local community and grassroots organizations. If you are able to support, donate or share to your networks, it would be greatly appreciated - a quick video of the tournament is below.

Pictures Of The Past

Brother Ace Clarke-Fisher '15 sent in some historical photos from what seems to be some members from 1880's and a Beta Common room from what is believed to have been part of the Hardie House that was torn down in 1972.

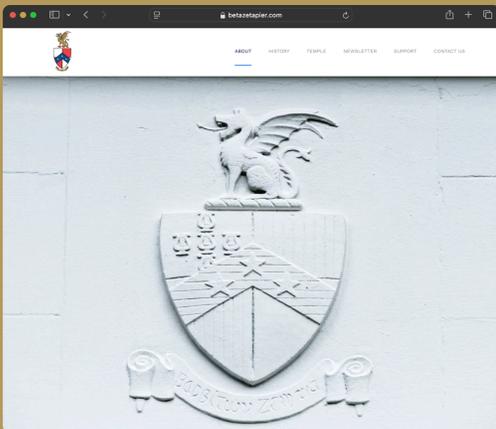

How Can We Keep Getting Better?

As we build out the new Beta Zeta alumni website, we want to make sure it truly serves our brotherhood. We've gathered some ideas by looking at other alumni organizations, but we'd love to hear from you!

What would you like to see? Whether it's an alumni directory, chapter updates, brother profiles, or something else entirely, let us know. This is a space for all brothers, and your input will help us create something valuable for everyone.
